Patrie romana, tara de eroi! - Simona Preda 2013-04-30

„Ceea ce ne ofera Simona Preda in aceasta carte fascinanta este o calatorie in interiorul propagandei pentru copii din Romania comunizata, o analiza riguroasa si de o admirabila adancime, a institutiilor, metodelor si simbolurilor aferente, care aveau ca scop ceea ce propaganda numea plamadirea omului nou. Cu talent narativ si acuratete conceptuala, autoarea ne invita sa intelegem cum se construia matricea emotionala a angajamentului comunist inca din anii copilariei. Scopul era, evident, denigrarea si demolarea a tot ce tine de „trecutul negru“. Prin dea fiinta cultura alternativa a noii formatiuni, cu miturile, arhetipurile, comandamentele si obsesiile ei. [...] In spatele acestei carti se afla munti de lecturi. Simona Preda discuta literatura de copii a anilor '50, mitografiile sovietice ori de inspiratie sovietica. Intre acestea, legenda pionierului-erou, micul delator Pavlik Morozov. Ceea ce ni se inocula prin acel mit era devotamentul total pentru partidul-stat. Ni se sugera ca nu poate exista loialitate reala decat pentru cauza sacralizatului Partid. Timp in care, acasa, ni se spunea sa ne tinem gura, sa nu povestim nimic din ceea ce auzeam ca-si spun, ori isi soptesc, parintii nostri.“ - Vladimir Tismaneanu Simona Preda (n. 1978, Piatra-Neamt), licentiata in Filosofie (Universitatea din Bucuresti, 2003) si in Istorie (Universitatea din Bucuresti, 2007), absolventa de Master in Istoria Ideilor si Mentalitatilor (Universitatea din Bucuresti, 2006), doctor in Istorie cu teza „Literatura istorica pentru copii in Romania comunista. Paradigma omului nou“ (conducator stiintific — Prof. univ. dr. Lucian Boia), Scoala Doctorala a Universitatii din Bucuresti, 2011. Articole in numeroase publicatii, printre care Buletinul Centrului, Muzeului si Arhivei Istorice a Evreilor din Romania, revista Argesis, Studii si comunicari etc. Lucrarea de fata reprezinta o ampla prelucrare a tezei de doctorat si totodata debutul editorial al autoarei.

EMDR Therapy and Somatic Psychology: Interventions to Enhance Embodiment in Trauma Treatment - Arielle Schwartz 2018-08-07

A guide to help EMDR practitioners to integrate somatic therapy into their sessions. Clients who have experienced traumatic events and seek EMDR therapists rely on them as guides through their most vulnerable moments. Trauma leaves an imprint on the body, and if clinicians don't know how to stay embodied in the midst of these powerful relational moments, they risk shutting down with their clients or becoming overwhelmed by the process. If the body is not integrated into EMDR therapy, full and effective trauma treatment is unlikely. This book offers an integrative model of treatment that teaches therapists how to increase the client's capacity to sense and feel the body, helps the client work through traumatic memories in a safe and regulated manner, and facilitates lasting integration. Part I (foundational concepts) offers a broad discussion of theory and science related to trauma treatment. Readers will be introduced to essential components of EMDR therapy and somatic psychology. The discussion then deepens into the science of embodiment through the lens of research on emotion, memory, attachment, interpersonal neurobiology, and the impact of trauma on overall health. This part of the book emphasizes the principles of successful trauma treatment as phase-oriented, mindfulness-based, noninterpretive, experiential, relational, regulation focused, and resilience-informed. Part II (interventions) presents advanced scripted protocols that can be integrated into the eight phases of EMDR therapy. These interventions provide support for therapists and clients who want to build somatic awareness through experiential explorations that incorporate mindfulness of sensations, movement impulses, breath, and boundaries. Other topics discussed include a focus on complex PTSD and attachment trauma, which addresses topics such as working with preverbal memories, identifying ego states, and regulating dissociation;

chronic pain or illness; and culturally-based traumatic events. Also included is a focused model of embodied self-care to prevent compassion fatigue and burnout.

History and Myth in Romanian Consciousness - Lucian Boia
2001-01-01

There is a considerable difference between real history and discourse history - this book stems from this idea. The author points out that history is constantly reconstructed, adapted and sometimes mythified from the perspective of the present day, of present states of mind and ideologies. Boia closely examines the process of historical culture and conscience in nineteenth and twentieth century Romania, particularly concentrating on the impact of the national ideology on history. Based upon his findings, the author identifies several key mythical configurations and analyses the manner in which Romanians have reconstituted their own highly ideologized history over the last two centuries. The strength of *History and Myth in Romanian Consciousness* lies in the author's ability to fully deconstruct the entire Romanian historiographic system and demonstrate the increasing acuteness of national problems in general, and in particular the exploitation of history to support national ideology.

Incest - Anaïs Nin 1993-09-16

The trailblazing memoirist and author of *Henry & June* recounts her relationships with Henry Miller and others—including her own father. Anaïs Nin wrote in her uncensored diaries like they were a broad-minded confidante with whom she shared the liberating psychosexual dramas of her life. In this continuation of her notorious *Henry & June*, she recounts a particularly turbulent period between 1932 and 1934, and the men who dominated it: her protective husband, her therapist, and the poet Antonin Artaud. However, most consuming of all is novelist Henry Miller—a man whose genius, said Anaïs, was so demonic it could drive people insane. Here too, recounted in extraordinary detail, is the sexual affair she had

with her father. At once loving, exciting, and vengeful, it was the ultimate social transgression for which Anaïs would eventually seek absolution from her analysts. “Before Lena Dunham there was Anaïs Nin. Like Dunham, she’s been accused of narcissism, sociopathy, and sexual perversion time and again. Yet even that comparison undercuts the strangeness and bravery of her work, for Nin was the first of her kind. And, like all truly unique talents, she was worshipped by some, hated by many, and misunderstood by most . . . A woman who’d spent decades on the bleeding edge of American intellectual life, a woman who had been a respected colleague of male writers who pushed the boundaries of acceptable sex writing. Like many great . . . experimentalists, she wrote for a world that did not yet exist, and so helped to bring it into being.”

Gichigami Hearts - Linda LeGarde Grover 2021-10-26

Award-winning author Linda LeGarde Grover interweaves family and Ojibwe history with stories from Misaabekong (the place of the giants) on Lake Superior Long before there was a Duluth, Minnesota, the massive outcropping that divides the city emerged from the ridge of gabbro rock running along the westward shore of Lake Superior. A great westward migration carried the Ojibwe people to this place, the Point of Rocks. Against this backdrop—Misaabekong, the place of the giants—the lives chronicled in Linda LeGarde Grover’s book unfold, some in myth, some in long-ago times, some in an imagined present, and some in the author’s family history, all with a deep and tenacious bond to the land, one another, and the Ojibwe culture. Within the larger history, Grover tells the story of her ancestors’ arrival at the American Fur Post in far western Duluth more than two hundred years ago. Their fortunes and the family’s future are inextricably entwined with tales of marriages to voyageurs, relocations to reservation lands, encounters with the spirits of the lake and wood creatures, the renewal of life—in myth and in art, the search for meaning in the transformations of our day is always vital. Finally, in one man’s struggles, age-old tribulations, the intergenerational traumas of extended families and communities, and a uniquely Ojibwe appreciation for the natural and spiritual worlds converge, forging the Ojibwe worldview and will to survive as his legacy to his descendants. Blending the seen and unseen, the old and the new, the amusing and the tragic and the hauntingly familiar, this lyrical work encapsulates a way of life forever vibrant at the Point of Rocks.

Love in Lowercase - Francesc Miralles 2016-01-26

A feel-good novel for fans of A Man Called Ove and The Rosie Project, about an eccentric, language-loving bachelor and the cat that opens his eyes to life's little pleasures The Silver Linings Playbook author Matthew Quick: "A delightfully absurd, life-affirming celebration. I literally stood up and cheered as I read the last page." When Samuel, a lonely linguistics lecturer, wakes up on New Year's Day, he is convinced that the year ahead will bring nothing more than passive verbs and unitalicized moments—until an unexpected visitor slips into his Barcelona apartment and refuses to leave. The appearance of Mishima, a stray, brindle-furred cat, becomes the catalyst that leads Samuel from the comforts of his favorite books, foreign films, and classical music to places he's never been (next door) and to people he might never have met (a neighbor with whom he's never exchanged a word). Even better, the Catalan cat leads him back to the mysterious Gabriela, whom he thought he'd lost long before, and shows him, in this international bestseller for fans of The Rosie Project, The Solitude of Prime Numbers, and A Man Called Ove, that sometimes love is hiding in the smallest characters.
