The Conviction to Lead - Albert Mohler 2012-10-26

Leadership Principles from a Renowned Agent of Change Cultures and organizations do not change without strong leadership. While many leadership books focus on management or administration, the central focus of The Conviction to Lead is on changing minds. Dr. Mohler was the driving force behind the transformation of Southern Seminary from a liberal institution of waning influence to a thriving evangelical seminary at the heart of the Southern Baptist Convention. Since then he has been one of the most prominent voices in evangelicalism, fighting for Christian principles and challenging secular culture. Using his own experiences and examples from history, Dr. Mohler demonstrates that real leadership is a transferring of conviction to others, affecting their actions, motivations, intuition, and commitment. This practical guide walks the reader through what a leader needs to know, do, and be in order to affect change.

The Leadership Code - Dave Ulrich 2009-01-08

What makes a great leader? It's a question that has been tackled by thousands. In fact, there are literally tens of thousands of leadership studies, theories, frameworks, models, and recommended best practices. But where are the clear, simple answers we need for our daily work lives? Are there any? Dave Ulrich, Norm Smallwood, and Kate Sweetman set out to answer these questions—to crack the code of leadership. Drawing on decades of research experience, the authors conducted extensive interviews with a variety of respected CEOs, academics, experienced executives, and seasoned consultants—and heard the same five essentials repeated again and again. These five rules became The Leadership Code. In The Leadership Code, the authors break down great leadership into day-to-day actions, so that you know what to do Monday morning. Crack the leadership code—and take your leadership to the next level.

Acclaimed church leader, blogger, founder and chief strategic officer of The Unstuck Group, Tony Morgan unpacks the lifecycle of a typical church, identifies characteristics of each phase, and provides practical next steps a church can take to move towards sustained health. Think about your church for a moment. Is it growing? Is it diminishing? Is it somewhere in between? Acclaimed church leader, blogger, and founder

and chief strategic officer of The Unstuck Group, Tony Morgan has identified the seven stages of a church's lifecycle that range from the hopeful and optimistic days of launch, to the stagnating last stages of life support. Regardless of the stage in which you find your church, it carries with it the world's greatest mission—to "go and make disciples of all the nations . . ." With eternity at stake the Church should be doing most everything within its power to see lives changed forever. The Church should strive for the pinnacle of the lifecycle, where they are continually making new disciples and experiencing what Morgan refers to as "sustained health." In The Unstuck Church, Morgan unpacks each phase of the church lifecycle, and offers specific and strategic next steps the church leader can take to find it's way to sustained health . . . and finally become unstuck. Learning Leadership - James M. Kouzes 2016-05-02

Uncover the extraordinary leader in you with straightforward exercises and advice from two of the world's foremost leadership experts From the bestselling authors of The Leadership Challenge and over a dozen award-winning leadership books comes a new book that examines a question of fundamental importance: How do people learn to become leaders? Learning Leadership: The Five Fundamentals of Becoming an Exemplary Leader is a comprehensive guide to unleashing the inner leader in us all and to building a solid foundation for a lifetime of leadership growth and mastery. The book offers a concrete framework to help individuals of all levels, functions, and backgrounds take charge of their own leadership development and become the best leaders they can be. Arguing that all individuals are born with the capacity to lead, bestselling authors Kouzes and Posner provide readers with a practical series of actions and specific coaching tips for harnessing that capacity and creating a context in which they can excel. Supported by over 30 years of research, from over seventy countries, and with examples from real-world leaders, Learning Leadership is a clarion call to unleash the leadership potential that is already present in society today. Learning Leadership provides readers with evidence-based strategies to ignite the habit of

continuous improvement and the mindset of becoming the best leaders they can be. Emerging leaders, as well as leadership developers, internal and external coaches and trainers, and other human resource professionals will learn from first-hand stories and practical examples so that they can deeply understand and apply the fundamentals for becoming the best leaders they can be. *Learning Leadership: The Five Fundamentals of Becoming an Exemplary Leader* is divided into digestible bite-sized chapters that encourage daily actions to becoming a better leader. Key takeaways from the book include: Believe in Yourself. Believing in oneself is the essential first step in developing leadership competencies. The best leaders are learners, and they can't achieve mastery until and unless they truly decide that inside them there is a person who can make a difference and learn to be a better leader than they are right now. Aspire to Excel. To become an exemplary leader, people must determine what they care most about and why they want to lead. Leaders with values-based motivations are the most likely to excel. They also must have a clear image of the kind of leader they want to be in the future—and the legacy they want to leave for others. Challenge Yourself. Challenging oneself is critical to learning leadership. Leaders must seek new experiences and test themselves. There will be inevitable setbacks and failures along the way that require curiosity, grit, courage, and resilience to persist in learning and becoming the best. Engage Support. One can't lead alone, and one can't learn alone. It is essential to get support and coaching on the path to achieving excellence. Whether it's family, managers at work, or professional coaches, leaders need the advice, feedback, care, and support of others. Practice Deliberately. No one gets better at anything without continuous practice. Exemplary leaders spend more time practicing than ordinary leaders. Simply being in the role of a leader is insufficient. To achieve mastery, leaders must set improvement goals, participate in designed learning experiences, ask for feedback, and get coaching. They also put in the time every day and make learning leadership a daily habit. Kouzes and Posner offer unrivaled insights into what it means to become an exemplary leader in today's world with their original research and over 30 years of experience studying the practices of extraordinary leadership. They show that anyone can become a better leader if they believe in themselves, aspire to excel, challenge themselves to grow, engage the support of others, and practice deliberately. *Learning Leadership* challenges readers to do the meaningful and disciplined work necessary to becoming the best they can, using a new mindset and toolkit that can make extraordinary things happen. It's not the once-in-a-while transformational acts that demonstrate leadership. It's the little things that one does day in and day out that pave the path to greatness.

Pastoral Theology - Dr. Daniel L. Akin 2017-06-01

While many pastoral ministry books focus on the practical duties of the pastor, few works actually consider how theological truth defines the pastor's role and responsibilities. These pragmatic ministry tools, though instructionally beneficial, essentially divorce biblical doctrine from ministerial practice. As a result, pastors' lives and ministries often lack the theological roots that provide the stability and nourishment necessary to sustain them. *Pastoral Theology* constructs a theological framework for pastoral ministry that is biblically derived, historically informed, doctrinally sound, missionally engaged, and contextually relevant. By using traditional theological categories the authors explore the correlation between evangelical doctrine and pastoral practice. Through careful theological integration they formulate a ministry philosophy that defines the pastoral office and determines its corresponding responsibilities in light of theological truth. The authors provide a theological understanding of the pastorate that will equip aspiring pastors to discern and pursue their calling, challenge younger pastors to build on ministerial truth instead of ministerial trends, and inspire seasoned pastors to be reinvigorated in their passion for Christ and his church.

Transformational Church - Ed Stetzer 2010

Churches committed to following Christ's example want to see this world changed for the sake of eternity. While the supernatural component of making that happen goes without saying, how does a body of believers do its part to be in that "sweet spot" where true spiritual transformation can occur? In *Transformational Church*, bestselling research authors Thom S. Rainer and Ed Stetzer have surveyed fifty thousand down to five hundred congregations in search of the qualitative answer. Their book contains a wealth of indispensable new data, nuanced insights, and clear how-to guidance, all centered on this key finding: Transformational churches make disciples whose lives are being transformed by the gospel so that people engage the culture around them for its ultimate transformation. Deeply committed to the essential

foundations of discipleship (worship, community, and mission), transformational churches practice their faith and make disciples through vibrant leadership, prayerful dependence upon God, and relational intentionality. And they do so paying mind to their unique context and with a missionary mindset. The most comprehensive study of the American church to date.

Creature of the Word - Matt Chandler 2012-10-01

The Reformers viewed the gospel as not merely one thing among many in the life of a church but rather the means by which the church exists. When the gospel is rightly declared and applied to God's people, the church becomes "a creature of the Word." She understands, embraces, and lives out the reality of Christ's birth, life, death, and resurrection in more than her doctrinal statement. The gospel impacts all the church is and does. *Creature of the Word* lays out this concept in full, first examining the rich, scripture-based beauty of a Jesus-centered church, then clearly providing practical steps toward forming a Jesus-centered church. Authors Matt Chandler, Eric Geiger, and Josh Patterson write what will become a center- ing discussion piece for those whose goal is to be part of a church that has its theology, culture, and practice completely saturated in the gospel.

A tried-and-true classic in dynamic ministry growth, church building, and discipleship momentum. From professional church-planters Dave and Jon Ferguson comes the anchor book in the Exponential Series—envisioning new and practical methods of building churches, communities, and organizations on the cornerstone of Christ. Many of today's Christians consider the missional challenge of Jesus—feed the hungry, comfort the lonely, bring people to God's Word—as inspirational but not something achievable. Or they've heard the challenge of Jesus and are frustrated with how little they've done. Jesus gave his followers this mission because he wants them to hear it, be inspired, and then actually do it. And it is possible. Exponential lays out a concise and effective reproducing strategy, giving practical steps and case studies as you follow the growth of a church movement through four main stages: The initial navigation of ministry image, set-up, and gradual growth. The gathering of a community around a cause and the conversations that take place at this point. The reproduction of communities into multisite growth and wider impact. The infrastructure and networking of large missional movements and how to stay focused on the bedrock of the Gospel. Weaved throughout this book is the amazing story of Community Christian Church, which was started by five friends who used these reproducing strategies to grow one of the most influential churches in the U.S. and develop a network of reproducing churches. Exponential is designed to help Christian leaders, groups, teams, churches, and networks experience rapid and spiritually healthy growth.

Unleash - Marv Nelson 2018-09-18

As older church leaders, we've been told a million times that the Millennials and Gen Xers who are coming up behind us don't think like we think. We don't get it and it frustrates us. Guess what? We need to get over it and let it go. Because, get this: it's up to us to mentor and empower the generations that follow us into church leadership. Sadly, many of us are doing just the opposite; we're turning them away. So, not only do we need to let go of our ways of doing things, we need to release our young leaders...release them to be the leaders they know they can be. *Unleash* provides thought-provoking ideas and practical, real-time examples that will help us learn to know, equip, and expectantly release our younger church leaders into the future with trust and confidence. I am completely weary of dismissive and demeaning articles and books focused on the weak, lazy, entitled character of Millennials and Gen Z. This book is different -- it's helpful and hopeful. I'm glad to have a book to recommend to people leading younger generations into their full capacities - Mark Oestreicher, Partner, The Youth Cartel Marv Nelson knows that unleashing young leaders must come from an accurate awareness of their emotional, mental and spiritual capabilities plus the right amount of equipping, encouragement and trust. This book is a valuable resource. - Michael Frost, author, *Surprise the World*

The God Who Goes before You - Timothy Paul Jones 2018-10-01

In *The God Who Goes before You*, Michael S. Wilder and Timothy Paul Jones establish a foundation for Christian leadership that draws not from human assumptions, but from the wisdom of God. By considering the whole canon of scripture as their supreme and sufficient authority, Wilder and Jones present both pastors and laity with a Christ-centered, kingdom-focused vision of godly leadership. When it comes to leadership, there is much to be learned from empirical research and from marketplace leaders. However, without Scripture as our authority, flawed views of God's purposes and human nature will skew our understanding of the character and practices of God-called leaders. In this book, Wilder and Jones redefine leadership as Christ-centered followership and present a radically countercultural perspective on leadership practices in the church today.

Building Leaders - Aubrey Malphurs 2004-03-01

Training the next generation of leaders is crucial to spreading the gospel, yet most churches have no formal

way of doing this. Why? Tight budgets, small staffs, and a lack of know-how are just a few reasons suggested by church consultants Aubrey Malphurs and William Mancini in this groundbreaking book. *Building Leaders* provides real-life examples of ways churches can unleash their true ministry potential by training staff members and laypeople to lead. With step-by-step instructions that can be applied to any church or parachurch ministry, *Building Leaders* shows readers how to: - empower, not just train, leaders - overcome obstacles to developing leaders - identify emerging leaders - use biblical models for training leaders - form a leadership training program to fit any size or budget Packed with surveys, discussion questions, and a leadership development guide, *Building Leaders* will encourage leaders to "duplicate themselves" in order to see their ministry grow. It is a perfect resource for ministry students, church leaders, and pastors.

Designed not just to impart information but to bring transformation, this book covers six key areas essential for effective leadership. An ideal resource for churches that want to help their own leaders to develop the character and competency required to lead other leaders.

[Lead Like a King/Queen](#) - Charles H. Gaulden 2021-07-13

After the death of the famous King Solomon, the nation of Israel split into two countries. The southern kingdom, known as Judea, lasted three and a half centuries. During those 350 years, the Judean kingdom had 19 kings and one queen. This book examines that important history with the specific lens of "What were the leadership principles from these 20 leaders?" The book is divided into twelve chapters, with a 21-century leadership application for each chapter. These 12 principles help the reader with the great question, "How to lead like a king/queen?"

The 5 Levels of Leadership - John C. Maxwell 2011-10-04

Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

Designed to Lead - Eric Geiger 2016-09-01

Most churches merely exist. Many churches do not develop leaders intentionally and consistently. When leaders emerge from some churches, it is often by accident. Something is missing. Something is off. Authors Eric Geiger (author of bestselling *Simple Church* and *Creature of the Word*) and Kevin Peck argue that churches that consistently produce leaders have a strong conviction to develop leaders, a healthy culture for leadership development, and helpful constructs to systematically and intentionally build leaders. All three are essential for leaders to be formed through the ministry of a local church. From the first recordings of history God has made it clear that He has designed creation to be led by His covenant people. More than that, He has decided what His people are to do with that leadership. Whether you are called to lead your home, in the marketplace, in God's church, or in your community, if you are called by God you are called to lead others to worship the glory of God in Jesus Christ. God has designed His people to lead.

Re:Vision - Aubrey Malphurs 2014-10-14

Pastors around the country continue to look for the program, the book, or the sermon series that will turn their plateaued or declining churches around. But what if the answer to revitalizing the church was closer to home? According to trusted church leadership expert Aubrey Malphurs and veteran pastor Gordon E.

Penfold, it is. They believe that pastors themselves are the key. In a time when many pastors are jumping from church to church every two or three years as they search for the "right fit" where they can "make a difference," churches are suffering from a lack of sustained leadership from pastors with a viable vision for ministry. In *Re:Vision*, Malphurs and Penfold take pastors through a process of discovery and self-evaluation designed to help them re-envision their role, create a culture for positive change, and recruit people to come alongside them as helpers and encouragers. Multiple appendices offer self-diagnostic tools and surveys to help pastors assess their strengths and weaknesses for more effective ministry.

Leadership by Divine Design - Anthony Osuobeni 2017-05-10

Leadership By Divine Design: How to Be An Effective Christian Leader is another significant work by Anthony Osuobeni, author of the seminal book on revival, *Hashtag Revival*. He writes to add his voice to the vast body of literature on Christian leadership, highlighting believers' call to leadership in the Body of Christ. He encourages believers, pastors and church leaders, to see leadership the way God sees it and to practice it in their churches according to divine dictates. Because the more people we lead the more leaders we need, we must prioritize on developing leaders in our congregations and populate the ministerial landscape with effective Christian leaders. Finally, Anthony prays that God's people in the churches of Christ all over the world will become God's designer-leaders. The book is purposeful, practical and on point!
