*My Life, My Purpose* - Benjamin William Mkapa 2019-10-25

His Excellency Benjamin Mkapa was Tanzanian's third president, elected under the first multi-party general election in Tanzania. His memoirs range from his childhood, time as president, and his continuing post-retirement involvement on the international stage of development and peace mediation. This book will appeal to readers interested in: an African's personal experiences of colonialism in East Africa; the struggle for independence by the liberation movements of several African countries; how war helped unify the diverse citizens of a young nation; fostering nationalism and addressing ethnic and religious differences; the economic and social aspects of transition to socialism and then to a free market environment; the political transition from a single party state to multi-partyism; and relations with international organisations and development partners. During the ten years of his presidency he undertook substantial reforms, such as the privatisation of national assets, securing international debt relief and restructuring the public service. His Excellency writes of his childhood, his political maturation, the evolution of the State and politics in Tanzania, as well as some political upheavals in neighbouring countries. These memoirs are enriched by his views on leadership and advice for aspiring leaders. After Julius Nyerere, few books have been written by senior Tanzanian leaders on the evolution of Tanzania; in fact more literature has been produced by foreigners than Tanzanians, thus H.E. Mkapa's memoirs are a

milestone. This book will appeal to aspiring leaders; students of development, international politics and diplomacy; those working for development partners; historians and those who want to know more about their Tanzanian heritage.

**Live from Dar Es Salaam** - Alex Perullo 2011

When socialism collapsed in Tanzania, the government-controlled music

industry gave way to a vibrant independent music scene. Alex Perullo explores the world of the bands, music distributors, managers, and clubs that attest to the lively and creative music industry in Dar es Salaam. Perullo examines the formation of the city's music economy, considering the means of musical production, distribution, protection, broadcasting, and performance. He exposes both legal and illegal strategies for creating business opportunities employed by entrepreneurs who battle government restrictions and give flight to their musical aspirations. This is a singular look at the complex music landscape in one of Africa's most dynamic cities.

**God Sent a Man** - Carlyle Boynton Haynes 1962

God Sent A Man is the story of Joseph, who allowed himself to be prepared by God to play a crucial role in the history of Egypt and especially in the development of what became the nation of Israel. "It is in my mind to produce in your mind a profound and unshakable conviction that will alter your whole outlook in life and provide you with a philosophy that will transform your life from a meaningless conglomeration of fortuitous changes into a meaningful and divinely arranged plan." The story of Joseph, son of Jacob, "constitutes the most fascinating and impressive tale in the literature of humanity." Men and nations are in God's hand. . . in everything God works for good with those

who love him."

The Gunny Sack - M.G. Vassanji 2011-06-22

Memory, Ji Bai would say, is this old sack here, this poor dear that nobody has any use for any more. As the novel begins, Salim Juma, in exile from Tanzania, opens up a gunny sack bequeathed to him by a beloved great-aunt. Inside it he discovers the past — his own family's history and the story of the Asian experience in East Africa. Its relics and artefacts bring with them the lives of Salim's Indian great-grandfather, Dhanji Govindji, his extensive family, and all their loves and betrayals. Dhanji Govindji arrives in Matamu — from Zanzibar, Porbander, and ultimately Junapur — and has a son with an African slave named Bibi Taratibu. Later, growing in prosperity, he marries Fatima, the woman who will bear his other children. But when his half-African son Husein disappears, Dhanji Govindji pays out his fortune in trying to find him again. As the tentacles of the First World War reach into Africa, with the local German colonists fighting British invaders, he spends more and more time searching. One morning he is suddenly murdered: he had spent not just his own money but embezzled that of others to finance the quest for his lost son. "Well, listen, son of Juma, you listen to me and I shall give you your father Juma and his father Husein and his father..." Part II of the novel is named for Kulsum, who marries Juma, Husein's son; she is the mother of the narrator, Salim. We learn of Juma's childhood as a second-class member of his stepmother's family after his mother, Moti, dies. After his wedding to Kulsum there is a long wait in the unloving bosom of his stepfamily for their first child, Begum. It is the 1950s, and whispers are beginning of the Mau Mau rebellion. Among the stories tumbling from the gunny sack comes the tailor Edward bin Hadith's story of the naming of Dar es Salaam, the city Kulsum moves to with her children after her husband's death. And gradually her son takes over the telling, recalling his own childhood. His life guides the narrative from here on. He remembers his mother's store and neighbours' intrigues, the beauty of his pristine English teacher at primary school, cricket matches, and attempts to commune with the ghost of his father. It is a vibrantly described, deeply felt childhood. The nation, meanwhile,

is racked by political tensions on its road to independence, which comes about as Salim Juma reaches adolescence. With the surge in racial tension and nationalist rioting, several members of his close-knit community leave the country for England, America, and Canada. I see this comedy now as an attempt to foil the workings of fate: how else to explain, what else to call, the irrevocable relentless chain of events that unfolded... The title of Part III, Amina, is the name of Salim's great unfulfilled love, and will also be the name of his daughter. He meets the first Amina while doing his National Service at Camp Uhuru, a place he feels he has been sent to in error. Amina is African, and their relationship inevitably causes his family anxiety, until the increasingly militant Amina leaves for New York. Salim becomes a teacher at his old school, and marries, but keeps a place for Amina in his heart. When she returns and is arrested by the more and more repressive government, Salim is hurriedly exiled abroad. He leaves his wife and daughter with the promise that he will send for them, knowing that he will not. The novel ends with Salim alone, the last memories coming out of the gunny sack, hoping that he will be his family's last runaway.

**St Jude's** - Gemma Sisia 2007

St Jude's is the remarkable story of an Australian girl from the bush who's busy transforming the lives of hundreds, if not thousands, of African children. Her name is Gemma Sisia, and she runs a school in Tanzania called The School of St Jude. Gemma's idea is simple. Her school is for the very poorest kids, the ones whose families can't afford the clothes or books or even pencils to send their children to the supposedly "free" government schools. These are the children of illiterate parents, whose destiny is to remain trapped in a cycle of poor education, illiteracy and poverty. Her slogan is "fighting poverty through education". Gemma started St Jude's (named after the patron saint of

hopeless causes) in 2002 with an 18-year-old volunteer teacher from Sydney, three kids and her own boundless energy. From those humble beginnings, the school now has over 850 students, and one of the best academic records in the country. There are plans for a second campus, and a long term aim of reproducing the hugely successful formula across Tanzania and East Africa. St Jude's is an astonishing success for kids who would otherwise have no hope and no future. This is a truly amazing story about how the determination of one person can help change the world.

Church, Nation and State in Russia and Ukraine - Geoffrey A. Hosking  
1991-09-23

The opportunities opened up by the Gorbachev reforms have shown that religion is one of the most significant dynamic forces in Soviet society. Yet few scholars have attempted to relate the study of churches and religious movements in recent centuries to the politics and culture of the Soviet Union. To remedy this deficiency, leading western experts on Christianity in the Eastern Slav lands gathered at a conference in London on the occasion of the millennium of the baptism of Rus'. Their papers present unexpected and fascinating insights into an under-rated but crucial aspect of the life of the Soviet peoples.
